

# How to Respond to an Active Attacker Situation

Run

- Have an escape route and plan in mind
- Leave your belongings behind
- Keep your hands visible

Hide

- Your second option should be to hide
- Do not huddle together, because it makes one easy target
- Lock and barricade doors and shut off lights

Fight

- Fighting is a last resort to be used only when your life is in imminent danger
- Attempt to incapacitate the active shooter
- Find an object to use as a weapon, such as a fire extinguisher or chair
