

FREE Basic Construction Methods & Operations Training

Thanks to a grant provided by the Northampton County Department of Economic Development, Northampton Community College will be providing **FREE** training to enhance the skills of current home construction employees or prepare new employees for employment. The program will include hands on instruction in basic construction methods and operations, including:

- hand and power tools
- framing and applications of trim
- drywall and wall repairs
- door and window installation
- ladder and scaffolding safety
- building code awareness

Candidates successfully completing the program will earn an OSHA 10-Hour Outreach Training for Construction card. An employer day will also be included so participants will have the opportunity to network and interview with potential employers.

Program Requirements:

This program has multiple requirements that need to be satisfied in order to enroll. Please see the reverse side of this flyer for details.

Mandatory Information Session:

In person: Thur., **July 11, 2024**, 11am or 2pm
